# FULL CIRCLE OF SKIN CONDITIONING®

## A NOTE FROM **LINA**

*On the Full Circle program*

“**Alexandria Professional’s Full Circle of Skin Conditioning®** was inspired by the rejuvenating powers of body sugaring! This skin enhancement program is proven effective for all skin types to help with hair reduction while improving the overall condition of the skin.

It doesn’t matter where you begin in this circle - the benefits are immense simply from getting started!”

– Lina Kennedy  
President/CEO

Formulated by nature,  
inspired by sugar.

# MUD PUDDLE®

*Purify Your Skin*

A mask for every area of the body!

Alexandria Professional's Mud Puddle® Hungarian Wellness Mud® is harvested from nature with the power to:

- Detox follicles
- Calm inflammation
- Promote collagen production
- Even skin complexion

# MUD PUDDLE® FOR REAL LIFE

# THE COMPOSITION

*Certified as curative with the Hungarian  
Ministry of Health*

SILICON DIOXIDE (SiO<sub>2</sub>) - Assists with the assimilation of nutrients, provides strength to bones, skin, nails, holds temperatures and good electrical conductivity. Aids with fatigue, pale skin color, thin, brittle nails and hair.

ALUMINUM OXIDE (Al<sub>2</sub>O<sub>3</sub>) - Acts as an absorbent and drying agent, as well as a catalyst for the production of haemoglobin and myoglobin. Aids with oxygenation of red blood cells. *Aluminum oxide occurs in nature as various minerals such as corundum or bauxite (pictured here).*

IRON (Fe) - Provides oxygen to red blood cells. Aids with fatigue and Anemia.

POTASSIUM (P) - Aids in bone formation, used to make DNA + RNA in the body. Assists with bone degeneration and metabolic issues.

MAGNESIUM (Mg) - Assists with blood vessel dilation, enzymes in the body, and protecting the arterial lining. Aids with nerve disorders, heart rhythm problems, and mineral metabolism.

Layering Mud Puddle® on top provides a double-action collagen boost.

# Sweet'n Plump

*A luxurious facial using Mud Puddle®*

**The Sweet 'n Plump facial is a double-action collagen booster that harnesses the natural healing powers of sugar and mud!**

Bursting with all-natural, anti-inflammatory, and de-stressing minerals this treatment is ideal for preserving youthful skin and delaying signs of aging!

It all starts with sugar - we use it in the cleanser, exfoliation, and plumping. The natural glycolic (AHA) derivatives found in sugar accelerate the skin's cell renewal process by breaking down the glue-like bonds holding the dead skin cells together. The result is natural cell regeneration creating glowing skin.

*(Sugar is also widely known for its humectant properties which means this facial is not only sweet and plumping but also super hydrating! A key component of youthful, supple looking skin.)*

The final layer of this treatment is our therapeutic Hungarian Wellness Mud®. Melting over the KiSS Adjuster sugar, this mud promotes detoxification and calms inflammation like acne. Mud Puddle's high concentration of Silicon Dioxide works to strengthen and firm tissue; maintaining the skin's elasticity.

Alexandria Professional's new Sweet 'n Plump facial treatment will hydrate, rejuvenate, and detoxify all skin types.

Mud Puddle® promotes collagen production and helps prevent breakouts.

Apply Mud Puddle® to brighten skin tone and tighten elasticity.

Mud Puddle® masks can be used to spot treat blemishes and manage oil production.

# PRODUCT SPOTLIGHT

## *10 Reasons to love Mud Puddle®*

1. Hungarian Wellness Mud® (HWM) has 60% Silicon Dioxide, also known as silica. Silica is the building block of collagen from skin to bone that helps hold collagen tissue together, thus leaving you with **youthful and radiant looking skin!**
2. Mud Puddle® can help **ease the discomfort and appearance of sunburns** because it is a natural anti-inflammatory. An application of Mud Puddle® mixed with a bit of Restore™ Lotion will draw out pain and redness. Then, follow up with a cooling agent like our CC'Me®.
3. Our mud **helps to get rid of and prevent ingrown hairs**. As part of the Full Circle of Skin Conditioning® program, Mud Puddle® will help calm the skin and draw out the ingrown hair all at the same time. Now that's real multitasking!
4. Mud helps to **diminish the appearance of cellulite** by toning the skin and muscles while stimulating circulation, flushing out fat deposits, and detoxifying the area.

Silica is the building block of collagen from skin to bone.

5. HWM **aids in pain management** due to its thermal properties, allowing it to penetrate deeply into the skin. It can be used as a hot pack or a cold pack as well.
6. Use this mud for **spot treatment of blemishes** to draw out oils and toxins.
7. Mud Puddle® **calms skin and histamine reactions after hair removal** for the best treatment results.
8. Mud **can be used in a bath** to allow the body to fully soak up the silica and draw out any skin impurities. Add 1 to 2 cups of Mud Puddle® mixed in with your bath water and feel the magic!
9. This product offers you a **luxurious spa experience from the comfort of your home!**
10. Pair a Mud Puddle® mask with your favorite cocktail for **the ultimate self-care date!**
